

TRASH COLLECTION GUIDELINES

keep Forest Hills
clean and green!

A. GARBAGE COLLECTION on FRIDAYS: City ordinance requires that receptacles be:
(i) set at curbside Friday morning, but no earlier than Thursday evenings; and
(ii) **removed from the curb no later than 7:30 p.m. Friday.**

[1] **HOUSEHOLD GARBAGE:**
Roll carts are for household garbage. (Recyclable items and “yard trash” should not be placed in roll carts.) A maximum of three 30-gallon trash bags or boxes also may be placed beside the roll cart for collection.

[2] **BLUE RECYCLING BINS** are for recyclable items such as: newspapers, magazines, aluminum, steel cans & lids, PETE #1 and HDPE #2 plastics, and glass (clear, brown & green).

B. TRASH COLLECTION on TUESDAYS:

The City requests residents to separate vegetation (yard trash) from other debris. [Vegetation is diverted to the city’s composting operation; remaining debris goes to the inert landfill.] Set debris curbside on Monday.

C. SPECIAL COLLECTIONS must be arranged in advance with the city’s sanitation division (phone: **525-3200**) for

(a) trees cut down by private services, and

(b) bulky waste such as appliances, furniture and bedding. Place these items at the street on the day agreed to for pick up. A fee may be charged for this special collection.
